Item 5 Information About Your Advisory Business - Employees, Clients, and Compensation

Responses to this Item help us understand your business, assist us in preparing for on-site examinations, and provide us with data we use when making regulatory policy. Part 1A Instruction 5.a. provides additional guidance to newly formed advisers for completing this Item 5.

Employees

If you are organized as a sole proprietorship, include yourself as an employee in your responses to Item 5.A. and Items 5.B.(1), (2), (3), (4), and (5). If an employee performs more than one function, you should count that employee in each of your responses to Items 5.B.(1), (2), (3), (4), and (5).

A. Approximately how many *employees* do you have? Include full- and part-time *employees* but do not include any clerical workers.

3

- B. (1) Approximately how many of the *employees* reported in 5.A. perform investment advisory functions (including research)?
 - (2) Approximately how many of the *employees* reported in 5.A. are registered representatives of a broker-dealer?
 - (3) Approximately how many of the *employees* reported in 5.A. are registered with one or more *state securities authorities* as *investment adviser representatives*?

2

In your response to Item 5.B.(6), do not count any of your employees and count a firm only once – do not count each of the firm's employees that solicit on your behalf.

Clients

In your responses to Items 5.C. and 5.D. do not include as "clients" the investors in a private fund you advise, unless you have a separate advisory relationship with those investors.

C. (1) To approximately how many clients for whom you do not have regulatory assets under management did you provide investment advisory services during your most recently completed fiscal year?

(2) Approximately what percentage of your *clients* are non-*United States persons*?

The category "business development companies" consists of companies that have made an election pursuant to section 54 of the Investment Company Act of 1940. Unless you provide advisory services pursuant to an investment advisory contract to an investment company registered under the Investment Company Act of 1940, do not answer (1)(d) or (3)(d) below.

Indicate the approximate number of your *clients* and amount of your total regulatory assets under management (reported in Item 5.F. below) attributable to each of the following type of *client*. If you have fewer than 5 *clients* in a particular category (other than (d), (e), and (f)) you may check Item 5.D.(2) rather than respond to Item 5.D.(1).

The aggregate amount of regulatory assets under management reported in Item 5.D.(3) should equal the total amount of regulatory assets under management reported in Item 5.F.(2)(c) below.

If a client fits into more than one category, select one category that most accurately represents the client to avoid double counting clients and assets. If you advise a registered investment company, business development company, or pooled investment vehicle, report those assets in categories (d), (e), and (f) as applicable.

SECTION 5.K.(1) Separately Managed Accounts

After subtracting the amounts reported in Item 5.D.(3)(d)-(f) from your total regulatory assets under management, indicate the approximate percentage of this remaining amount attributable to each of the following categories of assets. If the remaining amount is at least \$10 billion in regulatory assets under management, complete Question (a). If the remaining amount is less than \$10 billion in regulatory assets under management, complete Question (b).

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

If you are a subadviser to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise.

End of year refers to the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment*. Mid-year is the date six months before the end of year date. Each column should add up to 100% and numbers should be rounded to the nearest percent.

Investments in derivatives, registered investment companies, business development companies, and pooled investment vehicles should be reported in those categories. Do not report those investments based on related or underlying portfolio assets. Cash equivalents include bank deposits, certificates of deposit, bankers' acceptances and similar bank instruments.

Some assets could be classified into more than one category or require discretion about which category applies. You may use your own internal methodologies and the conventions of your service providers in determining how to categorize assets, so long as the methodologies or conventions are consistently applied and consistent with information you report internally and to current and prospective clients. However, you should not double count assets, and your responses must be consistent with any instructions or other guidance relating to this Section.

If "yes," then for each private fund that you advise, you must complete a Section 7.B.(1) of Schedule D, except in certain circumstances described in the next sentence and in Instruction 6 of the Instructions to Part 1A. If you are registered or applying for registration with the SEC or reporting as an SEC exempt reporting adviser, and another SEC-registered adviser or SEC exempt reporting adviser reports this information with respect to any such private fund in Section 7.B.(1) of Schedule D of its Form ADV (e.g., if you are a subadviser), do not complete Section 7.B.(1) of Schedule D with respect to that private fund. You must, instead, complete Section 7.B.(2) of Schedule D.

In either case, if you seek to preserve the anonymity of a private fund client by maintaining its identity in your books and records in numerical or alphabetical code, or similar designation, pursuant to rule 204-2(d), you may identify the private fund in Section 7.B.(1) or 7.B.(2) of Schedule D using the same code or designation in place of the fund's name.

Item 10 Control Persons

In this Item, we ask you to identify every *person* that, directly or indirectly, *controls* you. If you are filing an *umbrella registration*, the information in Item 10 should be provided for the *filing adviser* only.

If you are submitting an initial application or report, you must complete Schedule A and Schedule B. Schedule A asks for information about your direct owners and executive officers. Schedule B asks for information about your indirect owners. If this is an amendment and you are updating information you reported on either Schedule A or Schedule B (or both) that you filed with your initial application or report, you must complete Schedule C.

Item 11 Disclosure Information

In this Item, we ask for information about your disciplinary history and the disciplinary history of all your *advisory affiliates*. We use this information to determine whether to grant your application for registration, to decide whether to revoke your registration or to place limitations on your activities as an investment adviser, and to identify potential problem areas to focus on during our on-site examinations. One event may result in "yes" answers to more than one of the questions below. In accordance with General Instruction 5 to Form ADV, "you" and "your" include the *filing adviser* and all *relying advisers* under an *umbrella registration*.

Your advisory affiliates are: (1) all of your current employees (other than employees performing only clerical, administrative, support or similar functions); (2) all of your officers, partners, or directors (or any person performing similar functions); and (3) all persons directly or indirectly controlling you or controlled by you. If you are a "separately identifiable department or division" (SID) of a bank, see the Glossary of Terms to determine who your advisory affiliates are.

If you are registered or registering with the SEC or if you are an exempt reporting adviser, you may limit your disclosure of any event listed in Item 11 to ten years following the date of the event. If you are registered or registering with a state, you must respond to the questions as posed; you may, therefore, limit your disclosure to ten years following the date of an event only in responding to Items 11.A.(1), 11.A.(2), 11.B.(1), 11.B.(2), 11.D.(4), and 11.H.(1)(a). For purposes of calculating this ten-year period, the date of an event is the date the final order, judgment, or decree was entered, or the date any rights of appeal from preliminary orders, judgments, or decrees lapsed.

You must complete the appropriate Disclosure Reporting Page ("DRP") for "yes" answers to the questions in this Item 11.

Item 12 Small Businesses

The SEC is required by the Regulatory Flexibility Act to consider the effect of its regulations on small entities. In order to do this, we need to determine whether you meet the definition of "small business" or "small organization" under rule 0-7.

Answer this Item 12 only if you are registered or registering with the SEC **and** you indicated in response to Item 5.F.(2)(c) that you have regulatory assets under management of less than \$25 million. You are not required to answer this Item 12 if you are filing for initial registration as a state adviser, amending a current state registration, or switching from SEC to state registration.

For purposes of this Item 12 only:

- Total Assets refers to the total assets of a firm, rather than the assets managed on behalf of *clients*. In determining your or another *person's* total assets, you may use the total assets shown on a current balance sheet (but use total assets reported on a consolidated balance sheet with subsidiaries included, if that amount is larger).
- Control means the power to direct or cause the direction of the management or policies of a person, whether through ownership of securities, by contract, or otherwise. Any person that directly or indirectly has the right to vote 25 percent or more of the voting securities, or is entitled to 25 percent or more of the profits, of another person is presumed to control the other person.

Item 4 - Advisory Business

RHCA is a corporation organized in the state of Indiana and registered as an investment adviser with the Indiana Securities Division. The principal owners are John William Rosenthal Sr., John William Rosenthal II, Nathaniel Drew Rosenthal, and Ashley Blair Rosenthal-Henry. We have approximately \$108 million in assets under management, all on a discretionary basis, as of December 31, 2023.

Investment Supervisory Services

RHCA has three clients, RPCA Opportunistic Financial Ventures L.P. ("OFV"), RPCA Financial Ventures L.P. ("LP"), and RPCA Financial Ventures QP L.P. ("QP"), all of which are pooled investment vehicles for which RHCA offers ongoing portfolio management services. RHCA acts as both general partner and investment adviser to OFV, LP, and QP. RHCA manages the accounts according to the specific objectives of OFV, LP, and QP. Investment supervisory services include, but are not limited to, investment strategy, regular portfolio monitoring, asset allocation, asset selection, and risk tolerance.

The investment objectives of OFV, LP, and QP, are to generate both current income and long-term capital appreciation on their capital through investments in the securities of publicly-traded bank and thrift holding companies and insured depository institutions. OFV, LP, and QP, generally invest in U.S.-based companies, but are not precluded from investing in foreign-based organizations.

OFV, LP, and QP primarily seek long positions in the securities of banking organizations with competent and capable management teams. These investment funds also seek investments in organizations that may be acquisition targets. Although these funds primarily seek long positions, they also may take short positions in the securities of companies that are believed to be overvalued. These funds' long positions have typically far exceeded their short positions.

OFV, LP, and QP are each beneficially owned by limited partners in direct proportion to the assets attributed to each such limited partner as calculated by the fund administrator monthly. As of 12/31/2023 OFV had 88 such limited partnership interests, LP had 84 such limited partnership interests, and QP had 81 such limited partnership interests.

Item 5 - Fees and Compensation

We provide investment advice to OFV, LP, and QP for a management fee. OFV, LP, and QP also may pay RHCA performance-based compensation as described in Item 6 below. RHCA generally does not negotiate the management fees with the advised funds' investors.

For OFV, the management fee percentage is based on each investor's total capital contributed to OFV and generally ranges from 0.66% to 2.00% pursuant to the following table:

| Investor's Capital | Annual Fee % |
|-------------------------|---|
| Below \$500,000 | 2.00% |
| \$500,000-\$999,999 | 2.00% on first \$500,000, 1.25% thereafter |
| \$1,000,000-\$1,999,999 | 1.25% on first \$1,000,000, 1.00% thereafter |
| \$2,000,000-\$2,999,999 | 1.00% on first \$2,000,000, 0.75% thereafter |
| \$3,000,000-\$4,999,999 | 0.75% on first \$3,000,000, 0.66% thereafter |
| \$5,000,000 and Above | 0.66% |

For LP and QP, the management fee is based on a specific percentage of each investor's share of the net asset value of the applicable fund at month end, and generally ranges from 1.00% to 1.75% of each investor's pro rata share (based on the investor's percentage interest in the fund) of the fund's net asset value, pursuant to the following table:

| Aggregate Capital | Management Fee % |
|-----------------------|---|
| Less than \$250,000 | 1.75% |
| \$250,000- \$499,999 | 1.75% on first \$250,000, 1.25% thereafter |
| \$500,000- \$749,999 | 1.50% on first \$500,000, 0.75% thereafter |
| \$750,000- \$999,999 | 1.25% on first \$750,000, 0.25% thereafter |
| \$1,000,000 and Above | 1.0% |

Management fees for OFV are paid quarterly in advance and management fees for LP and QP are paid monthly in advance. We send invoices to Gryphon Group (the funds' independent third-party administrator), who controls the funds' check disbursements.

In addition to the management and performance fees paid to us, the funds may incur operating expenses, including, but not limited to, investment expenses (e.g., brokerage commissions, clearing and settlement charges, custodial fees, interest expenses, research expenses), professional fees (including without limitation, expenses of consultants and experts relating to particular investments), travel expenses related to investments, legal expenses, fees of the administrator, internal and external accounting, audit and tax preparation expenses, costs of printing and mailing reports and notices, entity-level taxes, corporate licensing, regulatory expenses (including filing fees), organization expenses, expenses relating to the offer and sale of interests, and extraordinary expenses. Those fees are separate and distinct from the fees and expenses charged by us. Please see Item 12 of this brochure regarding the broker/custodian relationship.

We do not accept any compensation for the sale of securities or other investment products, including asset-based sales charges or fees from the sale of mutual funds. Please see Item 6 for Performance-Based Fees.

Item 6 - Performance-Based Fees and Side-by-Side Management

Investors in OFV, LP, and QP will be charged the management fees as noted in Item 5 above, as well as performance-based fees. For OFV, the performance-based fees are up to 17.5% of net capital appreciation of the fund's assets above a mutually agreed upon high-water mark. For LP and QP, the performance-based fees are up to 15.0% of net capital appreciation above a mutually agreed upon high-water mark. Losses will be carried forward and the performance-based fees will only be paid if the high-water marks are achieved. These fees are negotiable. Performance fees are paid annually in arrears.

Clients who are paying a performance-based fee should be aware that investment advisers have an incentive to invest in riskier investments when paid a performance-based fee due to the higher risk/higher reward attributes. In addition, RHCA's performance-based fees described above are determined on the basis of the value of the applicable fund's assets, including value attributable to unrealized appreciation. Therefore, RHCA could earn performance-based fees on gains that investors may never realize.

<u>Item 7 - Types of Clients</u>

We provide management supervisory services to our clients, OFV, LP, and QP. These funds are privately-offered pooled investment vehicles that rely on the Section 3(c)(1) or 3(c)(7) exemptions from the definition of "investment company" under the Investment Company Act of 1940, as amended (the "1940 Act"). The funds' investors may include, but are not limited to, high-net worth individuals, pension and profit sharing plans, trusts, estates, charitable organizations, endowments, corporations, and other business entities.

The funds that rely on the Section 3(c)(1) exemption under the 1940 Act will accept investments from U.S. investors that meet the definition of an "accredited investor" under Rule 501(a) of the Securities Act of 1933, as amended, and who also meet the definition of a "qualified client" under the Investment Advisers Act of 1940, as amended. The funds that rely on the Section 3(c)(7) exemption under the 1940 Act will accept investments from U.S. investors that, in addition to being accredited investors and qualified clients, also meet the definition of a "qualified purchaser" under Section 2(a)(51)(A) of the 1940 Act. "Knowledgeable employees" of RHCA (as defined under the 1940 Act) may also invest in any of the funds. The minimum investment for a limited partner in each of OFV, LP, and QP is \$100,000.

<u>Item-8 - Method of Analysis, Investment Strategies and Risk of Loss</u>

OFV

The investment objective of OFV is to generate both current income and long-term capital appreciation on its capital through investments in the securities of publicly-traded bank and thrift holding companies and insured depository institutions. OFV will look for undervalued bank and thrift holding companies and insured depository institutions in cities whose economic base is well diversified. It intends to focus on investments in well-established, well-managed community, super-community, and regional banking organizations. OFV generally will not buy securities in full blown "turnaround" or "deeply distressed" opportunities. OFV may also seek to generate investment returns by taking "short" positions in the securities of certain banking organizations and using instruments other than equities, such as put and call options.

With respect to its "long" investments, OFV's focus will be on banking organizations. OFV seeks to invest in solid, stable companies – but which may be potential takeover or acquisition targets due to a variety of factors, including but not limited to, current operating performance or market conditions. These banking organizations may be community, super-community, small or large regional banking organizations or thrifts. OFV seeks to invest in banking organizations that have competent and capable management teams and boards of directors who are focused on maximizing shareholder value.

RHCA intends to conduct quantitative and qualitative due diligence on potential target companies. The quantitative analysis will include a review of the markets in which the company operates. Additionally, RHCA utilizes historical financial data and modeling or forecasting to review the near-term and long-term strengths and weaknesses of all key performance indicators including asset quality indicators for loans and investments, overall existing and projected capital levels, asset/liability position/sensitivity, liquidity, deposit make-up and cost structure, efficiency ratios, and current and projected facility needs.

The qualitative analysis will examine the core processes critical to the success of banking organizations, such as the loan approval process, credit administration function, sales management approach, incentive compensation systems and asset-liability management, and the "culture" of the organization and strength of its management team. RHCA may use a variety of sources to gather information for the qualitative analysis, including conducting management interviews and on-site visits, attending annual meetings of shareholders, participating in

quarterly earnings conference calls, reading analyst reports, attending banking conferences and reading publicly available information, such as SEC filings.

Investing in securities involves a risk of loss that investors should be prepared to bear. OFV investments will be made in banking organizations, and the investment portfolio may not be diversified. Small- and medium-capitalized banking organizations, which are the primary focus of OFV's investment program, are generally considered to pose greater investment risk than large-capitalized companies. OFV is authorized to use leverage in carrying out its investment program and leverage can magnify losses incurred by OFV. OFV is authorized to purchase and sell put and call options and the use of these instruments can magnify losses incurred, or limit the gains generated by OFV.

LP and QP

The investment objectives of LP and QP are to generate both current income and long-term capital appreciation on its Partners' capital through investments in the securities of publicly-traded bank and thrift holding companies and insured depository institutions. RHCA intends to limit their investment programs to investments in U.S.-based bank and thrift holding companies and insured depository institutions only.

LP and QP will primarily seek long positions in the securities of banking organizations with competent and capable management teams. LP and QP will also seek investments in organizations that RHCA believes may be acquisition targets. Although they will primarily seek long positions, LP and QP may also take short positions in the securities of companies that RHCA believes are overvalued. RHCA expects, however, that the long positions typically will significantly exceed its short positions.

There are no specific investment guidelines with respect to the size of the banking organizations in which LP and QP may invest, but, consistent with their current investment programs, RHCA expects that most of the investments will be in banking organizations having between \$500 million and \$5 billion in total assets. However, LP and QP may invest a portion of their assets in securities of organizations with asset sizes or market capitalizations outside of this general range when valuations appear attractive.

Investments may include long and short positions in equity and equity-related securities, fixed income securities, and other financial instruments, including derivative instruments such as put and call options.

LP and QP focus on buying and owning the common stock of strong, well-managed, publicly-traded insured bank or thrift holding companies located in attractive markets.

With respect to its investment process, RHCA conducts extensive quantitative/financial due diligence on potential investee companies. The quantitative/financial analysis incorporates historical financial data with internal modeling and forecasting to review the near-term and long-term strengths and weaknesses of all the company's key performance indicators. RHCA's research also includes a review of the markets in which the company operates, including demographic trends, industry concentrations or specialties, an analysis of the strengths and

weaknesses of the infrastructure and educational institutions within a particular market, and the stability and solvency of the taxing authorities within the region.

As critical and necessary as this quantitative/financial analysis is, it is not the only due diligence performed. Given the investment philosophy of LP and QP outlined above, it is vitally important (and a key differentiating factor in their investment strategy) for RHCA to perform comprehensive "qualitative" due diligence on prospective investments and their management. RHCA believes this investment approach helps produce above-average returns, over time, for the funds' limited partners.

The judgment on the competency and character of the management team is also a critical determining factor in the investment decision. RHCA believes that this type of "soft evaluation," which is sometimes overlooked by other investment professionals, can be equal to or of even greater importance when compared to straight technical or "hard" financial analysis in determining the overall returns that potentially can be achieved from a particular investment. RHCA looks for leaders and senior management teams who function well as a group and collaborate and cooperate to meet the overall goals of serving all the company's constituents for the ultimate purpose of producing the best long-term results for shareholders.

RHCA looks for undervalued bank and thrift holding companies and insured depository institutions in cities whose economic base is well diversified. It is RHCA's intention to focus the investments of LP and QP in well-established, well-managed community, super-community, and regional banking organizations located in mid-tier cities with stable regional economies supported to a significant extent by colleges, universities, hospitals, and/or state or local governments. LP and QP generally will not invest in full blown "turnaround" or "deeply distressed" opportunities.

There are no restrictions in the partnership agreements of LP and QP regarding the types of securities that may be acquired by the funds. Despite the discretion afforded to RHCA in its ability to select investments for LP and QP, RHCA intends to invest the funds' assets only in the securities of banking organizations and other financial services companies, and not invest directly in the securities of purely financial vehicles, such as mortgage-backed securities, collateralized mortgage obligations, collateralized debt obligations, or collateralized loan obligations.

With respect to the long investments of LP and QP, RHCA believes that above-average returns may be possible in the future by investing in stable banks which may be somewhat more likely to be acquired or merged with a larger institution in the future. Accordingly, RHCA seeks to take advantage of opportunities to invest in those types of banks and thrifts at prices that RHCA believes are below historical levels and below the value of a company in a change of control transaction. RHCA also focuses the investment programs of LP and QP on banks and thrifts whose management teams and boards of directors, in RHCA's judgment, are seeking exit opportunities and no longer want to continue operating as an independent company.

LP and QP will limit their investments to U.S.-based companies only. There are no other geographic restrictions on the banking organizations in which LP and QP may invest. However, RHCA expects that Midwest-based banking organizations may be disproportionately represented in the funds' portfolios compared to other regions in the United States given the

extensive business contacts of John W. Rosenthal, Sr., the Chief Executive Officer and Chief Investment Officer of RHCA, in the Midwest and his knowledge of the business communities in this region.

Material Risks

All securities investments present the risk of loss of capital. An investment in OFV, LP, and QP is subject to loss, including the possible loss of the entire amount invested. No guarantee or representation is made that any fund's investments will be successful, and investors should be prepared to bear such loss. RHCA's and its advised funds' past performance is not necessarily indicative of future results.

The following is a summary of some of the material risks associated with the investment strategies of RHCA described above. This summary does not attempt to describe all of the risks associated with an investment in the funds, or even all of the risks associated with the funds' investment strategies. Investors are urged to review the section entitled "Risk Factors" in the Confidential Private Placement Memorandum for each of OFV, LP, and QP for a description of the material risks associated with each fund and their respective investment strategies.

Reliance on RHCA

RHCA serves as the funds' general partner, investment manager, investment adviser, and/or sponsor. The investors in the funds do not make decisions with respect to the management, disposition, or other realization of any fund investment, or other decisions regarding a fund's business and affairs. The funds' success depends, in large part, on RHCA's, and particularly John W. Rosenthal, Sr.'s, skill and expertise to manage the funds' business and affairs.

Limited Regulatory Oversight

None of the funds advised by RHCA is registered as an "investment company" under the 1940 Act or any comparable regulatory requirements. These regulations, which generally require investment companies to have a majority of disinterested directors, require securities held in custody at all times to be maintained in segregated accounts, and regulate the relationship between the investment company and its asset manager, do not apply to an investment in OFV, LP, and QP. Moreover, RHCA is not registered as a "commodity pool operator" or "commodity trading advisor" with the U.S. Commodity Futures Trading Commission, and therefore neither the funds nor their investors have the benefit of the protections afforded by, nor is RHCA subject to the restrictions contained in, such registrations and regulations. Therefore, the investors in the funds do not have the benefit of the protections afforded by, and the funds are not subject to the restrictions contained in, such registration and regulations.

Cybersecurity Risk

RHCA, the advised funds, and their service providers (particularly the funds' administrator and custodians) process, store, and transmit large amounts of electronic information, including information relating to fund transactions and investors' personally identifiable information ("Investor PII"). While RHCA has procedures and systems in place that it believes are reasonably designed to protect information and prevent data loss and security breaches, they cannot provide absolute security. The techniques to obtain unauthorized access to data, disable or degrade service, or sabotage systems change frequently and may be difficult to detect for long periods of time. Third-party hardware or software may contain defects in design or manufacture or other problems that could unexpectedly compromise information security. Network connection services provided by third parties may be susceptible to compromise, leading to a network breach. RHCA's systems or facilities

may be susceptible to employee error or malfeasance or other security threats. A breach of RHCA's information systems may cause information relating to fund transactions and Investor PII to be lost or improperly accessed, used, or disclosed. The loss or improper access, use, or disclosure of RHCA's or the funds' proprietary information may cause, among other things, financial loss, the disruption of business, liability to third parties, regulatory intervention, or reputational damage. Any of these events could have a material adverse effect on the affected funds and their investors' investments.

Competitive Markets

Certain of the advised funds may have difficulty competing in markets in which RHCA's competitors have substantially greater financial resources, larger research staffs, and more investment professionals.

Principal Strategy Areas

The success of the funds' investment objectives will depend on RHCA's ability to successfully engage in investments based on each fund's principal strategy or strategies as set forth above in this Item 8. Each of the strategies a fund implements may entail a specific set of risks relating to, among other things, investments in equity securities, the credit markets, arbitrage strategies, derivatives, swaps, options, over-the-counter transactions, hedging, spread trading, short sales, and volatility strategies, as applicable to a fund's strategy, and as described in further detail in a fund's Confidential Private Placement Memorandum.

Use of Leverage

Some of the advised funds may use leverage for investment purposes, to provide liquidity for investments, and to fund withdrawals and pay expenses. Such leverage may be achieved through, for example, borrowing funds, purchasing securities on margin, and the use of options, futures, forward contracts, repurchase and reverse repurchase agreements, and swaps. The use of leverage magnifies the degree of risk. While, in most cases, RHCA does not expect the funds to incur indebtedness as part of their investment strategies, the funds reserve the right to borrow in order to meet their investment and liquidity needs. During and after the 2008 financial crisis, many banks and dealers substantially curtailed financing activities and increased collateral requirements, forcing many hedge funds to liquidate positions. Any increased collateral requirements of banks, dealers, or other counterparties may adversely affect the funds' profit potential. There can be no assurance that the funds will be able to obtain adequate financing to pursue their investment programs and achieve their objectives.

Illiquidity and Non-Transferability of Limited Partnership Interests

The funds advised by RHCA are highly illiquid investments that are only suitable for investors who can commit their capital for an indefinite period of time. Investors cannot transfer their limited partnership interests in the funds without RHCA's consent, which may be withheld in

its sole discretion, and satisfying certain other conditions, including compliance with applicable securities laws. There is currently no market for the funds' limited partnership interests, and none is expected to develop. Investors may not be able to liquidate their investment in the event of an emergency or for any other reason, and the funds' limited partnership interests may not be readily accepted as collateral for a loan. Investments in the funds are subject to lock-up terms and other liquidity restrictions as set forth in each fund's Confidential Private Placement Memorandum.

Substantial Withdrawals/Redemptions

Substantial withdrawals and redemptions within a limited period of time could require the funds to liquidate their investments more rapidly than would otherwise be desirable. Such liquidations could adversely affect the value of the fund's overall portfolio and, correspondingly, the value of an investor's investment in the fund.

General

Neither OFV, LP, nor QP intend to register as bank holding companies under the BHC Act. This means that they will not be permitted to acquire "control" of a bank or bank holding company. Accordingly, RHCA will attempt to structure each fund's investments in a manner such that they will not be deemed to be in control of the investee company. Thus, in general, it is intended that neither OFV, LP, nor QP will acquire more than a 9.9% voting equity interest in any individual investee company, although in certain circumstances a fund could acquire up to a 24.9% voting equity interest and not be deemed to control the investee company. In addition, none of the funds generally will seek to obtain management rights in connection with their investments in banking organizations.

In summary, RHCA conducts quantitative and qualitative research on prospective investments and offers to be a constructive investor to the management and boards of investee companies. We believe this method of investing provides the best way to obtain superior long-term investment results.

Item 9 - Disciplinary Information

Registered investment advisers are required to disclose legal or disciplinary events material to a client's evaluation of RHCA or the integrity of RHCA's management. Neither RHCA nor any supervised person has been involved in any activities resulting in any legal or disciplinary events that must be disclosed in response to this Item. There are no criminal or civil actions, administrative proceedings, or self-regulatory organization proceedings to report.

Item 10 - Other Financial Industry Activities and Affiliations

Neither RHCA nor any of its management persons are registered as or have pending applications to become a broker/dealer or as representatives of a broker/dealer. Neither RHCA nor its representatives are registered as or have pending applications to become a Futures Commission Merchant, Commodity Pool Operator, a Commodity Trading Adviser, or an associated person of any of the foregoing entities.

RHCA serves as investment adviser and general partner to OFV, LP, and QP, which are all pooled investment vehicles. Mr. Rosenthal serves as the CEO and Chief Investment Officer of RHCA.

Mr. Rosenthal is the managing member of Rosenthal Cypress Hammock LLC, an entity that has invested in QP and other affiliated entities of Mr. Rosenthal.

Certain inherent conflicts of interest may arise from the fact that RHCA provides investment advisory services to more than one pooled investment fund, and these funds may have one or more overlapping investment objectives. Also, the portfolio investment strategies employed by RHCA for one or more current or future advised funds could conflict with the strategies employed by RHCA for other current and future advised funds and may affect the prices and availability of the portfolio investments and securities in which a particular fund may invest. Some of the funds advised by RHCA may have similar investment strategies, and participation in specific investment opportunities may be appropriate for more than one fund. In such cases, participation in investment opportunities will be allocated pursuant to RHCA's investment allocation policies and procedures. In this regard, allocations of certain investments among the advised funds of RHCA may be made on other than an equal basis. To address these potential conflicts of interest, RHCA has adopted policies and procedures,

including a Code of Ethics, which imposes a duty on all supervised persons of RHCA to act in the best interests of each applicable advised fund of RHCA, and an investment allocation policy and procedures.

Additionally, Mr. Rosenthal actively participates in the investment management activities and day-to-day operations of each of the RHCA advised funds. As a result, Mr. Rosenthal may face conflicts of interest in dedicating time and resources to the management of each of the advised funds. RHCA addresses this potential conflict of interest by providing in its Code of Ethics that all supervised persons have a duty to act in the best interests of each advised fund.

Finally, performance-based fees payable to RHCA may have the effect of encouraging more speculative investments in order to maximize the fees payable to RHCA, which may present a conflict of interest. RHCA addresses this potential conflict of interest in the following manner: (i) RHCA discloses to investors the existence of all material conflicts of interest, including the potential for RHCA to earn performance-based compensation; (ii) RHCA educates its employees regarding the responsibilities of a fiduciary; and (iii) RHCA has adopted policies and procedures, including a Code of Ethics, which imposes a duty on all supervised persons to act in the best interests of each advised fund of RHCA.

<u>Item 11 - Code of Ethics, Participation or Interest in Client Transactions and Personal Trading</u>

RHCA has adopted a Code of Ethics that sets forth standards of conduct and required compliance with securities laws. The Code of Ethics includes RHCA's policies as they relate to standards of ethical and business conduct expected of personnel and addresses various reporting, disclosure, and approval requirements, as well as conflicts that may arise from personal trading by personnel, as summarized below.

The Code of Ethics, among other things, requires compliance with applicable federal and state securities laws, reflects the fiduciary responsibilities of RHCA and its advisory personnel, prohibits certain personal securities transactions, requires personnel to periodically report their personal securities transactions and to pre-clear certain securities transactions, and address the prevention and misuse of material nonpublic information. RHCA designed these requirements to prevent or mitigate actual or potential conflicts of interest with the pooled investment funds it advises. The Code of Ethics applies not only to transactions by the individual, but also to transactions for accounts in which such person or the person's family member dependents have an interest. Compliance with the Code of Ethics is a condition of employment.

In accordance with applicable recordkeeping requirements of investment advisers, RHCA requires prompt reports of all securities transactions identified in the Code of Ethics as "reportable securities" transactions. RHCA further requires that all brokerage account relationships be disclosed, that RHCA receive duplicate confirmations of transactions and custodial account statements, and annual certifications of compliance with the Code of Ethics from all access persons. RHCA and its personnel do not purchase any securities for their own accounts from, or sell any securities for their own accounts to, the funds advised by RHCA.

Mr. Rosenthal and his family members, or family investment vehicles controlled and managed by Mr. Rosenthal, also may have investments in certain of the funds advised by RHCA, which may create the incentive for RHCA to favor such funds over other funds it advises. However, any fund may outperform other funds for a variety of reasons, including for example, because such fund has different volatility objectives, uses leverage, or pursues a different overall investment strategy. RHCA will be guided by the investment objectives and policies set forth in each fund's Confidential Private Placement Memorandum to manage the applicable fund.

Investors in OFV, LP, and QP also are cautioned that RHCA acts as both general partner and investment adviser to the funds. This may present a conflict of interest. However, RHCA has a duty to put the interests of its clients above its own interests.

From time to time, our representatives may buy or sell securities for themselves that they also recommend to the funds. This may provide an opportunity for the representatives to buy or sell the same securities before or after recommending the same securities to the funds, resulting in representatives profiting off the recommendations they provide the funds. Such transactions may present a conflict of interest. RHCA documents its representative's personal securities transactions, and the representatives have a duty to put the funds' interests above their own.

<u>Item 12 – Brokerage Practices</u>

We chose Morgan Stanley Smith Barney LLC, Raymond James & Associates, Inc., and Hovde Group as our primary custodians and broker-dealers based on their relatively low transaction fees and access to mutual funds and ETFs as well as "best execution". Our clients must use the recommended custodian and broker-dealer. "Best execution" is determined on a trade-by-trade basis, and should result in the best qualitative execution, not necessarily the lowest possible commission cost. We consider the full range and quality of services, including, but not limited to, execution capability, the value of research provided, commission rate, financial responsibility, responsiveness, and effectiveness in clearing and settling trades. We do not charge a premium or commission on transactions beyond the actual cost imposed by the custodian.

RHCA receives research, products, or other services in connection with client securities transactions ("soft dollar benefits"). When RHCA uses brokerage commissions to obtain research or other products or services, RHCA receives a benefit because it does not have to produce or pay for the research, products, or services. This may present a conflict of interest as we may have an incentive to use Morgan Stanley Smith Barney LLC, Raymond James, Inc., and Hovde Group as custodians based on our interest in receiving the research or other products or services rather than on the funds' interests in receiving the most favorable execution. However, there is no minimum client number or dollar number that we must meet in order to receive free research from the custodians. RHCA uses soft dollar benefits to service all of its advised funds and does not limit such benefits to those funds that paid for the benefits. RHCA does not allocate soft dollar benefits to the funds proportionately based on the soft dollar benefits the funds generate.

Section 28(e) of the Securities Exchange Act of 1934, as amended, provides a safe harbor that allows investment managers with discretionary authority over client accounts to pay more than the lowest possible commission in order to obtain "brokerage and research services" without breaching their fiduciary duties to clients. RHCA seeks to comply with the Section 28(e) safe harbor in connection with its soft dollar arrangements. In this regard, during the fiscal year ended December 31, 2023, RHCA received the following types of products and services which were acquired with client brokerage commissions: research reports, publications, and analyses concerning the banking industry, securities of financial institutions, and economic factors and trends affecting the banking industry, and attendance at certain conferences and seminars related to the foregoing research discussions.

As noted above in Item 10, Mr. Rosenthal is involved in advising several funds. At times, certain investments could be appropriate recommendations for more than one fund. Conflicts may arise in the allocation of investment opportunities among RHCA's advised funds. We will seek to allocate investment opportunities believed appropriate for one or more funds equitably and consistently and in the best interests of all the funds involved. The advised funds will not be permitted to "cross" trade (buy or sell from other advised funds). Often securities that are appropriate for one fund will not be appropriate for another fund due to the different investment objectives of the funds. In the case that an investment is appropriate for more than one fund, RHCA will allocate the investment on a pro-rata basis based on the targeted total dollar amount of stock that is appropriate for each fund.

RHCA receives no referrals or compensation from any of its custodians or any other third party in exchange for using that broker-dealer or third party.

Transactions for the advised funds in publicly-traded securities ordinarily will be effected independently for each fund. However, if RHCA decides to purchase or sell the same securities for several funds at approximately the same time, RHCA may, to the extent permitted by applicable law, but is not obligated to, combine or "batch" such orders to obtain best execution, to negotiate more favorable commission rates, or to allocate equitably among the funds price and commission differences or other applicable transaction costs. Under this procedure, transaction price and costs will be averaged and allocated amongst the funds in proportion to the purchase and sale orders placed for each fund on any given day. RHCA will not aggregate orders if, in a particular instance, RHCA believes the aggregation would cause a fund's execution costs to materially increase.

Item 13 - Review of Accounts

Accounts are reviewed at least weekly, and often times daily, by John W. Rosenthal, RHCA's Chief Executive Officer and Chief Investment Officer. Additional reviews may be triggered by material market, economic or political events. Investors in OFV, LP, and QP will receive annual audited financial reports of the applicable fund in which they are invested, as well as Schedule K-1s for federal and state income tax purposes. Additionally, investors in OFV, LP, and QP will receive quarterly account statements. Investors will receive all required statements, net of our fees, and they should carefully review those statements for accuracy. All such reports and documents are provided to investors in written format.

Item 14 - Client Referrals and Other Compensation

RHCA does not receive any economic benefits from non-clients or non-investors in the advised funds for providing investment advice or other advisory services to clients. Additionally, RHCA does not currently compensate any individual or entity to solicit investors in the advised funds or for other client referrals.

Item 15 - Custody

As RHCA is both the investment adviser and general partner of each of OFV, LP, and QP, RHCA is deemed to have custody of the funds' assets. However, Morgan Stanley Smith Barney LLC, Raymond James & Associates, Inc., and Hovde Group act as the qualified custodians, and each fund has a checking account at Peoples Bank of Kankakee County and Lake City Bank. The qualified custodians send statements to the applicable funds, at least quarterly, indicating all amounts disbursed from the applicable account. We have arranged for safeguards, and we cannot independently withdraw assets from the OFV, LP, and QP. Gryphon Group acts as an independent administrator for OFV, LP, and QP, and has the signing authority to authorize withdrawals from each fund.

Item 16 - Investment Discretion

RHCA has discretionary trading authority with respect to each of OFV, LP, and QP. RHCA is authorized to purchase and sell securities without obtaining specific consent. RHCA has full discretionary authority with respect to investment decisions, and its advice with respect to the advised funds is made in accordance with the investment objectives and guidelines set forth in each fund's respective offering document, investment advisory agreement, or organizational document. The organizational documents generally include a power of attorney given by the fund investor to RHCA.

Item 17 - Voting Client Securities

We accept voting authority for client securities. We always seek to vote in the best interests of our clients. While we have general preferences, we do not maintain specific, rule-based, preapproved voting guidelines but we vote client securities in the best interest of our clients. We will provide our voting record, as well as our proxy voting policies and procedures, to investors upon request by contacting John W. Rosenthal at (574) 243-6502.

Item 18 - Financial Information

We are not required to include a financial statement with this Brochure because we (i) do not solicit pre-payment of more than \$1,200 in fees per client, 6 months in advance, (ii) we do not take physical custody of our clients' assets, and (iii) have not been the subject of a bankruptcy petition at any time during the past ten years. We do not have any financial condition that is likely to impair our ability to meet our contractual commitments to our clients.
